PROVIDENCE TO TRAIN AT DURHAM

Trinity College Will House International Leaguers During Conditioning Period.

Trinity College, Durham, N. C., February 8.—The Providence (R. I.) baseball team in the International League, is to train in this city on Trinity's diamond during the coming spring, according to word which was received in this city Thursday. While negotiations have not been going on between the authorities of Trinity College and the management of the Providence team, it is nevertheless true that the leaguers will do their spring training on Trinity grounds. W. G. Bramham, of the Durham club, of the Carolina Association, has been in charge of the negotiations looking toward getting the team to come here, but the receipt of the news that they will come brought joy to no hearts more than it did to those of the fans on the campus of Trinity College.

REILLY AGAINST MARATHON RACES

Director of Kansas City Athletic Club Thinks Strain on Men Too Great.

Kansas City, Mo., February 8.—Athletic Director J. A. Reilly, of the Kansas City Athletic Club, is of the opinion that marathon racing should be abolished instead of encouraged. He takes a whack at James E. Sullivan's method of booming this particular branch of athletics by offering a prize to the most consistent marathon runner.

"Marathon running never can be a consistent sport," Dr. Reilly declares. "All the history of marathons proves this. Few winners of the Olympic marathon ever were heard of before the classic race. Few Olympic marathon winners ever have run successfully after winning that race. Take the case of Johnny Hayes. He was picked as a likely winner. He was finished first in a field of horated distance runners. And he never came back. Time after time Hayes competed in marathons after winning the Olympic race. What did he ever show?"

"Then there is Joe Forehan, the St. Louis runner. Forehan was a marathon champion. He never has won another. Forehan has competed in three Olympic marathons, races and has run in numerous other long distance races, yet he never has become a consistent winner. One would think that Forehan's persistency in sticking to the game would have given him the improvement Mr. Sullivan hopes to encourage, the consistency of the winner or the near-winner, but not so.

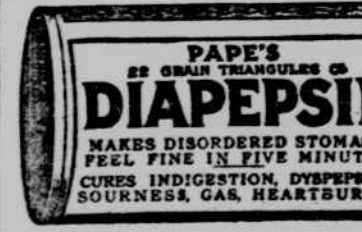

"Men never were built for the hard grind of twenty-six miles. Of course, we find an occasional freak like Al Shrubb. But how many Shrubs are there? Marathon running is not only dangerous, but it's inhuman. The great majority of runners finish their last five or eight miles on grit and determination alone. They run their heart out and then finish their way on their nerve. The cry of 'don't quit' spurs them on. The look of agony on the face of the marathon runner in the closing miles is enough to show the inhumanity of the race.

RELAY CARNIVAL WILL BE FEATURE

Blues-College Meet Attracts Athletes From All of More Prominent Colleges.

With approximately 300 entries in hand, representing nearly every college and university in this immediate section, the Blues-College indoor track meet to be held March 8, promises to be by far the most comprehensive event of its kind ever staged in Richmond. The athletic authorities of the two institutions directly interested—the Blues and Richmond College—are enthusiastic over prospects for establishing new records on the boards. All of the first class athletes in Virginia, North and South Carolina, District of Columbia and Maryland will be in attendance.

One of the big features of the meet will be the relay carnival, with representatives from each of the organizations represented in the Richmond Amateur Athletic Federation. It is believed that at least twenty relay teams will enter. Always spectacular, these relay races will be peculiarly interesting, because they will give a line on the athletes as represented in the federation.

CAROLINA A. & M. GIVES SCHEDULE

Many Games Will Be Played by Baseball Team During Season.

West Raleigh, N. C., February 8.—Manager R. M. Bailey, of the A. and M. baseball team, has announced the following schedule for the season of 1913:

March 17—Trinity park School at Raleigh.
March 20—Pending.
March 22—Pennsylvania State College at Raleigh.
March 24—Wake Forest at Raleigh.
March 27—Lafayette at Raleigh.
March 29—Amherst at Raleigh.
April 1—Davidson at Raleigh.
April 3—Eastern College at Raleigh.
April 5—Wake Forest at Wake Forest.
April 7—Trinity College at Raleigh.
April 9—Virginia Military Institute at Raleigh.
April 12—Davidson at Charlotte.
April 14—Wake Forest at Raleigh.
April 16—Atlantic Coast Line Railroad at Wilmington.
April 18—Guilford College at Greensboro.
April 20—Washington and Lee at Lexington.
April 22—Georgetown at Washington.
April 24—Catholic University at Washington.
April 26—Delaware College at Newark.
April 28—Navy at Annapolis.
May 1—Carolina at Raleigh.
May 3—Trinity College at Durham.
May 5—Guilford College at Raleigh.
May 7—Washington and Lee at Raleigh.

This is one of the best schedules ever gotten out at A. and M. Most of the best college teams that have been played heretofore will be seen on the schedule again this year, with several important additions. The additions are the University of North Carolina, Trinity College, Virginia Military Institute, Georgetown, the Navy and A. C. L. teams. This is the first time in years that every team in North Carolina has been on the schedule, and a much better line should be obtained on the State championship than before. Last year Georgetown was not on the schedule, but two years ago the Tecks beat the Hilltoppers and hope to repeat the dose this time. The Navy will also be played during the Northern trip for the first time. The Atlantic Coast Line team at Wilmington is composed mostly of old college stars, and is one of the strongest amateur teams in the State.

There are twenty-three games on the schedule altogether, thirteen of which will be played at home. Besides these there are other games pending.

Baltimore Man Defeats George H. Crocker, of Brookline, in Close Match.

Warren Corkran, of the Baltimore Country Club, winning by 5 up and 3 to play from George H. Crocker, of the Brookline Country Club. Mr. Corkran had the match well in hand from the start and gradually increased a lead of 3 up at the turn, the match ending on the fifteenth green. A big gallery followed the play.
